

## The Master Villa

The master suite has a super king sized four poster bed with a 32 inch LCD screen complete with DVD player & surround sound system. There is a walk in dressing room and an outside bathroom with a shower, sunken bathtub, toilet and vanity unit, all set in a delightful landscaped walled garden.

As with all the suites, it includes a safe for your treasured possessions and a hair dryer. This room features an antique Javanese style day bed with scatter cushions & fit for a Raja.
